

Create a partnership with InfoGenesis we have a solution to match your vision

At the heart of hospitality

Operating from its head office in North Sydney (Australia) since 1995, InfoGenesis is Australia's premier provider of point of sale and hospitality management solutions for the hospitality and food service industry.

Combining flexible and comprehensive software and the most advanced technology available, we have provided POS solutions to some of the most successful companies within the hospitality industry.

At InfoGenesis we are defining the future of hospitality by helping you understand your guests' preferences, tailor service to their unique needs and maximize your revenue per customer.

Our solutions include point of sale, inventory control, membership, promotions and loyalty management, self-service and analytics for leading hotels, resorts, casinos, clubs, theme parks, stadiums, restaurants and managed food service operations.

With over 3500 POS terminals installed in hundreds of venues across Australia our clients include iconic hospitality venues such as Hyatt Hotels, Merivale Group, Village Roadshow Theme Parks, the MCG and ANZ Stadiums, as well as a host of premier golf and registered clubs.

If you don't have the information you need to make critical decisions now, how can you be effective tomorrow? If you require up-to-the-minute sales and cost information across your operation, InfoGenesis has a range of reliable, feature rich applications that can have a dramatic effect on your business.

Imagine the POSSibilities...

Unmatched up-time and advanced off-line capabilities guarantee success instead of chaos when you need your system to perform at its best.

As integration experts, InfoGenesis gives you the complete solution you need to reach your business potential. Our open system platform allows a seamless gateway to other applications, providing you with the power of total system integration.

On Premise or in the Cloud

InfoGenesis has been providing centrally managed, enterprise wide solutions for multi-site operations for over a decade.

We offer a locally based hosted model pathing the way for multi or single site venues to enjoy the benefits of a managed service model with minimal upfront investment in technology and skilled resources.

Your Solution Starts here:
